NEW YORK, Nov. 4.—The Bridgeton, N. J. Board of Education passed a resolution denying admission to colored children to the public schools.

The Delaware, Lackawana and Western Railroad Company have reduced the working time of the mechanics and laborers to eight hours per day.

The Domestic Sewing Machine Company, at Newark, N. J., have discharged 223 employees.

Of the eight thousand jewellers in Newark, over six thousand are doing nothing.

There were rumors to-day affecting one of the National Banks, but the President of the Clearing House states that he personally examined the books of the bank in question, and there was no reason for anxiety as to its meeting its liabilities. The banks will sustain one another and not allow any causes for trouble to exercise a bad effect so far as any of their number is concerned.

An Italian woman named Batacini, living in East Newark, N. J., was yesterday hugged to death by a bear which she and her husband used for street exhibitions. The animal tore and trampled on the woman until her whole body was crushed. The bones in many places protruded through the skin.

**Strike on the East Tennesse, Virginia and Georgia Railroad.**

CINCINNATI, Nov. 4th.—A special dispatch to the *Commercial* from Knoxville, Tennessee, says that the strike of the engineers on the East Tennessee, Virginia and Georgia R. R., threatens to become serious in its character. Some of the employees yesterday prevented the freight train from leaving by uncoupling the cars. The night passenger train and all freight trains have been discontinued.

Col. Baxter, the attorney for the company, addressed the employees this morning, explaining to them the trouble they are subjecting themselves to, and advising the non-interference with the operations of the road.

The deputies of the entire Left have agreed to the question of Government on its participation in the intrigues of the monarchical coalition.

It is said that Count Chambord has received a congratulatory letter from the Pope.

The vote of 133 cities and towns give Washburne 33,023, Gaston 30,947. Last year the same towns gave Washburne 46,160, Bierd 25,119. It is estimated that Washburne's majority will be reduced fully one-half. Chas. Hale is elected to the Legislature from Boston by a large majority.

**The New York Election.**

NEW YORK, Nov. 4.—8 P. M.—Earliest election returns from the interior of the State indicate a Democratic victory if New York City gives the Democrats twenty thousand majority.

BUFFALO, Nov. 4.—The indications favor the Democrats.

ALBANY, Nov. 4.—The election is close. There is much scratching.

NEW YORK, Nov. 4.—The election is progressing quietly. The election of the county Tammany ticket is conceded. The contest is exciting only in the Assembly and Senate Districts. Tom Murphy and Collector Arthur are said to have charged Sheridan, Shook and Commissioner Vanwort and two other representative Republicans with deserting the combination ticket, and giving their support to William Walsh for county clerk against the Republican and Apollo Hall candidate, Jacob M. Patterson. Murphy, in retaliation, is reported as threatening to call off his Republican voters from the McCool combination candidate for sheriff, and he, in turn, is said to be urging his followers to defeat Murphy's plans and to vote for Walsh. The fight in some of the Senate and Assembly Districts is bitter. Some of the Tammany inspectors have been arrested and Apollo Hall Democrats substituted. This is in the interest of the combination. A few fights have occurred.

LATER.—Returns from 57 districts in various parts of the State show on the vote for Secretary of State a Democratic net gain, as compared with the vote of 1871, of 938. The Republican majority in these districts is 1,675. No definite returns have been received from any part of this city. It is claimed that the city has gone Tammany Democratic by from fifteen thousand to twenty thousand majority. If the latter figures prove correct, there is not much doubt but the State has gone Democratic by from two to five thousand majority. The election of S. S. Cox to Congress is conceded.

The returns from Brooklyn indicate that Hunter, Democratic candidate for Mayor, has been elected and the Democratic majority of that city for Secretary of State will probably reach five thousand.

BRIDGTON, N. Y., Nov. 4.—The Republicans elect Assemblyman from the first district by 150 majority.

SCHENECTADY, N. Y., Nov. 4.—The county is completely Republican by 187 majority.

NEW YORK, Nov. 4.—Thirty-two additional districts of the State show a Democratic gain of 376. This shows a Democratic gain of 1,314 in 89 districts.

LATER.—Seventy-five additional districts and towns give a Republican majority of 2,980, a Democratic net gain of 2,360. Oswego City gives 308 Republican majority. Syracuse City gives a Republican majority of 197. Poughkeepsie gives 87 Democratic majority, a gain of 836.

ALBANY, Nov. 4.—The Democratic majority in this county is 1,000.

NEW YORK, Nov. 4.—One hundred and eighty-two interior towns give a Republican majority of 5,229, a net Democratic gain of 5,108.

LATER.—Connor, the Tammany candidate for sheriff, is elected by about 25,000 majority. Walsh, for county treasurer, by 1,200. The Republicans have carried Putnam county. St. Lawrence gives Thayer 4,000 majority, a Democratic gain of 1,938. Franklin county gives 136 Democratic gain. In Seneca county the Democrats gain 148. In Tioga county the Democrats gain 412.

LATER.—The majority for Walsh should be 13,000 instead of 1,200.

3 o'clock P. M.—Two hundred and fifty-six districts and towns show a net Republican majority of 6,800, a net Democratic gain over the vote of 1871 of 9,587.

Elmira gives 235 Democratic majority. Brooklyn gives 7,000 Democratic majority. Albany county gives 1,500 Democratic majority. Monroe county elects the Republican ticket except Senator and County Treasurer.

**Virginia State Election.**

RICHMOND, VA., Nov. 4.—The election in this city passed off very quietly, the polls at all the precincts closing without any disturbance. All this in the face of numerous sensational rumors in wild circulation on the streets last evening. These rumors went so far as to state that the military had been ordered under arms during to-day, but inquiry at the Chief Executive's headquarters proved that no orders had been issued to the military, nor was there any disturbance apprehended. The voting on the part of the whites has been quite full, but on the part of the negroes not so good. Some leading Republicans here concede the election of Kemper by 15,000 to 20,000 majority. No returns in yet from the city precincts, but indications are that Kemper's majority will be not less than 500 in Richmond.

LATER.—Returns from 19 out of 21 precincts in this city, show that the first estimates as to the Conservative majority to be largely behind. The official returns from these precincts give Kemper over 1,750 majority, the remaining 2 precincts will not reduce these figures more than 200. Grant carried the city by 212 majority.

Norfolk gives a Conservative gain of over 800. A similar gain of 400 is reported for Petersburg.

Danville, Staunton, Winchester and other cities, give additional Conservative gains.

Partial returns from thirty counties indicate that the State has gone Conservative by a large increase over Walker's majority in 1869, which was over 18,000.

**Wisconsin Election.**

MILWAUKEE, Nov. 4.—Six Wards of this city give 2,934 Democratic majority. It is estimated that the Democratic majority in the city is 5,000. The returns show heavy Democratic gains over two years ago.

LATER.—The Democratic majority in the city is 6,300, and the estimated majority in the county is 8,000.

The *Sentinel*, the Washburne organ, estimates that from the way returns come in, Taylor will carry the State by 5,000. Prominent Republicans concede Washburne's defeat.

LATER.—In towns representing a total vote of 2,800, Taylor's gain is 3,400, exclusive of Milwaukee where he gains 5,000.

**Washington News—Southern Claims Commission and the United States and Mexican Commission.**

WASHINGTON, Nov. 4.—The President and all the members of the Cabinet, Gen. Sherman, and one or two invited guests will leave here on Thursday morning to attend the Loudon county fair at Leesburg, where they will be the guests of Col. Fairfax. They return on Thursday evening.

The Southern Claims Commission will meet in the middle of December to report to Congress on twenty-five hundred claims, being three or four hundred more than last year. The amount involved is upwards of one million dollars. The former award being about nine hundred thousand dollars. At least one-third of the claims have been disallowed, owing to the law which requires proof of continuous loyalty.

Congress at the late session extended the term of the Commission four years from the 10th of March last, but prohibited any further petitions from being presented and filed, declaring all claims not presented before that time shall be deemed to be barred forever.

It is ascertained that many claimants thus excluded intend to avail themselves of the constitutional right of petition. Their petitions will be referred to the Committee on Claims, and will, it is thought, ultimately find their way to the Commission. Deducting the twenty-five hundred claims to be reported on, about 20,000, remain on hand to be adjudicated. There is much dissatisfaction on account of cutting down the amounts respectively claimed, but in every case the Commissioners have made a written report for the information of Congress and the claimants. The United States and Mexican Commission have acted on three hundred and sixty-six cases, presented by Mexico, claiming indemnity to the amount of $26,000,000 on account of Indian raids into Mexico. The Commissioners disagreeing on these claims, the question will be submitted to Sir Edward Thornton, the Umpire.

**New York Items.**

NEW YORK, Nov. 4.—There were boxes for the Memphis sufferers at every polling booth in the city, and a good deal of currency was deposited, especially on the east side and up town districts.

Everything is quiet at the Headquarters of the Bricklayer's Union this morning. It is said that the men have resumed work. It is reported that the contractors have decided not to put the reduction of wages into force for the present. It is said that there is no general disposition on the part of masons to strike.

**Death of Louis Gaylord Clark.**

NEW YORK, Nov. 4.—Louis Gaylord Clark died at his residence at Piermont, on the Hudson, last night after a sickness of only a few hours, resulting from a paralytic stroke. Mr. Clark was editor of Knickerbocker Magazine from 1832 till it ceased to exist, and subsequently was engaged in the New York Custom House, frequently contributing, however, to the literary periodicals. Mr. Clark's home at Piermont was the gift of his associates on the Knickerbocker.

**The Trouble on the East Tennessee, Virginia and Georgia Railroad.**

KNOXVILLE, TENN., Nov. 4.—The trouble on the East Tennessee, Virginia and Georgia Railroad is unadjusted. The men will not allow freight trains to move. No freight has been carried over the road since Friday. The mail trains run regularly. Great inconvenience is caused to the merchants by the inability to receive and ship goods. Several thousand bales of cotton have been lying here four days.

The Mayor, wiping the tears from his eyes, said: "Madam, you are clearly entitled to your children."

### CHARITY BEGINS AT HOME.

NUMBER 6.

As stated in our yesterday's paper the attendance at the lecture room of the Presbyterian Church Monday evening for the purpose of organizing for a vigorous prosecution of warfare against poverty and destitution, was unusually large and the proceedings highly important.

We return our thanks to the Secretary of the meeting, J. P. Gulley, for the following notes from the minutes:

The meeting was called to order by the President of the Young Men's Christian Association, who briefly, but pointedly, stated the object of the call, etc.

Twenty-two new members came forward and enrolled their names on the books of the Association.

W. S. Primrose, Treasurer, of the Association reported that, with the collection included at the Baptist Church Sunday night, the Association now had in hand $102.72.

Here several interesting speeches were made by prominent gentlemen, and it was determined that the sum of $1,200 should be raised if possible for the relief of the poor, and the following Committee was appointed to wait upon the citizens and give them the privilege of contributing to this necessary and humane object: A. M. McPheeters, W. W. Holden, W. J. Young and John Armstrong.

Twelve distributors and twelve assistants were appointed as distributors for the twelve districts heretofore laid off by the Association, as follows:

1st District, bounded by Cabarrus and South streets, west of Fayetteville street, John Armstrong; assistant, W. W. Holden.

2d District, bounded by Cabarrus and South street, east of Fayetteville street, W. C. Stronach; assistants, P. F. Pescud and A. D. Taylor.

3rd District, bounded by Martin and Cabarrus streets, west, A. H. Winston; assistant to be supplied.

4th District, bounded by Martin and Cabarrus streets, east, J. P. Gully; assistants, P. C. Enniss and Jas. M. Towles, Jr.

5th District, bounded by Morgan and Martin streets, west, A. M. McPheeters; assistant, H. M. Hutson.

6th District, bounded by Morgan and Martin streets, east, S. D. Waitt; assistant, A. Thompson.

7th District, bounded by Edenton and Morgan streets, east, W. L. Primrose; assistant, L. D. Heartt.

9th District, bounded by Lane and Edenton streets, west, W. J. Young; assistant, W. J. W. Crowder.

10th District, bounded by Lane and Edenton streets, east, W. H. Crow; assistant to be supplied.

11th District, bounded by Johnson and Lane streets, west, R. W. Best; assistant, J. P. Burwell.

12th District, bounded by Johnson and Lane streets, east, Jno. W. Betts; assistant, H. W. Rheinhardt.

A printed map of the city, showing the divisions of the districts above, with the names of their distributors and assistants printed on the respective districts will be furnished on application to the Secretary.

Mr. Segar, agent of the Tremaine Bro's Operetta troupe being present at the meeting generously offered to give a concert for the benefit of the poor of the city under the auspices of the Association, the concert to come off on Tuesday evening next.

The Association gratefully accepted the kind offer, and appointed the following committee to confer with and arrange with the troupe for the proposed entertainment: J. B. Burwell, John Armstrong and L. D. Heartt.

The Rev. Mr. Moore, Agent of the American Tract Soicety was present and addressed the Association, after which a collection was taken up and a sum sufficient for the purpose of supplying each distributor with a plentiful supply of tracts for his district was realized.

Messrs. J. M. Towles, Jr.. W. W. Holden and John Armstrong were appointed a Committee to confer with the colored Association who wish to place in the hands of the Association the amount raised by them for the relief of the poor of their own color.

Thus it will be seen by the foregoing proceedings that the work has commenced in earnest, and Raleigh is determined to do all that she can to alleviate the misery of destitution. The distributors appointed by the Association are required to look up all needy cases in their respective districts, and when relief is needed to furnish it from the fund on hand.

To always keep a fund on hand is an important *desideratum*, and one that we shall often refer to. Amateur concerts and other entertainments through the winter will aid the fund a great deal.

The generous action and example of the Messrs. Tremaine Bros. might well be emulated by our Sextette Club. An amateur theatrical association might be organized for this purpose, in short there are many ways by which this charity fund can be kept supplied by the exercise of a little energy on the part of our young men and ladies.

The St James Relief Society of the Catholic Church; the Relief Committee of the Methodist Church; the Ladies' Relief Society of the Episcopal Church, and the Young Men's Christian Association, all need funds for the humane purposes of their organizations, and if they are only sustained to the extent of our ability, everything will work well and smoothly. Remember these are home institutions, and also that our charity should begin at home.

RETURNED.—Prof. Kerr, the State Geologist, has returned from his trip to the Vienna Exhibition, as the representative of North Carolina, where the minerals and products of our State occupied a prominent position before the eyes of the world. We have not had the pleasure of meeting Prof. K. since his arrival in the city, and therefore can say nothing more of his trip than the announcement of his safe arrival. But he will doubtless give through the press a full account of his mission at an early day.

IN SESSION.—The Board of Penitentiary Directors are in session at the Penitentiary, and the whole week will be occupied in the compilation of the annual reports of the officers of that Institution.

TAMING A MULE.—Vorhees, the energetic route agent of the Southern Express Company, is getting his oyster transportation carts in readiness for the fall and winter season, which is now getting in full blast. In reorganizing his teams he had occasion to retire from service the old long-neck, black Conestoga, well known to every oyster dealer in the city, and supply his vacancy with a small, black, sleek, shaved-tail, short headed, long eared mule, with a mischievous eye but a harmless and innocent countenance. We have seen the match of this mule often, once or twice in the closing act of a circus show. Where Vorhees purchased the mule we are not able to say, possibly of John Robinson or Lent, or probably of Berry, our city mule dealer—all we know about it, he got the mule somewhere, and on yesterday made an attempt to install him in his new position. The first job was to put on the bridle, which feat was accomplished by calling in two stout, well-grown neighbors; eight more were sent for to assist in getting the harness on, and when the hitching process came, the mule tamers amounted to eleven in number. Those who have witnessed the performance of John Robinson's mules in the circus ring, can form some conception of the scene that ensued when the hitching came on.

"Turn him loose," shouted the valiant tamer who had ascended the cart while the other ten were holding down the mule—"turn him loose"—"den come on down to de depot, one 'un yer, to help unload dese empty kegs."

A general rush from the front and side of the mule by the ten holders-on, and his muleship was free to go forward or backwards, but he did not seem to like either route and started 'up.' Finding that he could not take the wagon 'up' with him, he made a dash for the front, taking with him an entire fence panel for a start, and performing a regular zig zag route down Morgan street, was soon lost to our sight around the corner. This was the last we saw of the mule.

The empty kegs were picked up by the large number of boys attracted by the excitement, and taken to the depot in time to be put aboard. The Street Commissioner has ordered the ditch on Harrington street to be cleared of broken oyster carts, and the mule, with that same harmless and innocent expression of countenance, stands idle in his stall in the Express stables.

THE CONCERT OF THE SEXTETTE CLUB.—The proposed concert of the Raleigh Sextette Club, on next Friday evening will undoubtedly be one of the best musical entertainments that Raleigh has known for a long time. From the programme published below, it will be seen that Profs. Schneider, Von Meyerhoff and Grotz, whose reputation as musical artists are second to none in this country, will take part in the concert.

The proceeds of the concert will be devoted to the Oxford Orphan Asylum, an institution that calls loudly upon our charities for support. We reasonably expect an over-crowded house to hear the first concert of the Club. Admission 50 cents. Reserved seats 75 cents. Tickets to be had at the book stores:

THE LOAN TO THE STATE AGRICULTURAL SOCIETY.—Much to our surprise a few days since, we heard a remark to the effect that the loan of $10,000, made to the N. C. Agricultural Society, in their hour of need, and which enabled them to proceed with their plans, work, etc., resulting as we all know, in the grandest and most successful "State Fair" ever held in the State, was advanced by private individuals and not by the N. C. State Life Insurance Company, as generally supposed. Feeling an interest in the matter, and determined to know the truth, we at one visited the office of the "State Life," and asked whether the report we had heard was true or not. We were promptly informed by the officers of the Company that it was *false* in every sense of the word. The Secretary himself kindly showed us the entry on the Company's books, upon examining which we saw, that the loan in question ($10,000,) was made on the —— day of September, the money having been paid to the Treasurer of the Agricultural Society on that day. We were also shown the Society's mortgages, notes, etc., given to secure payment of the same. We deem it our duty, (as well as a pleasure,) to make this statement, for the "State Life Insurance Company" has acted a generous part towards the Agricultural Society.

THE FAIR OF THE CAROLINAS.—As will be seen by the announcement in our advertizing columns, the fair of the Carolinas will commence in Charlotte on the 25th inst. and continue till the 29th. Extensive preparations are being made to render this fair as usual a grand and crowning success, and from its situation and the energy of those who have it in charge, we are assured of it already. We shall take occasion to refer to this fair when we have more space at our command than at present.

ANNUAL MEETING.—The Directors of the Insane Asylum hold their annual meeting to-day at the Asylum building. The Board consists of his Honor, Mayor Wesley Whitaker, of Wake, President; Col. T. G. Walton, of Burke; Doctors J. G. Ramsay and Whitehead, of Rowan; Col. W. R. Myers, of Mecklenburg, Dr. S. G. Coffin, of Guilford; Col. G. W. Stanton, of Wilson; Col. C. L. Harris, Col. T. M. Argo, Dr. T. L. Banks, Mr. E. W. Pou, Rev. G. W. Brodie, Right Rev. J. W. Hood, Dr. E. B. Haywood and Mr. J. P. Prairie, of Wake. Mr. J. C. L. Harris is Secretary to the Board.

Treasurer, Steward and Executive Committee for the ensuing year will be elected.

Carriages will be in attendance at the Mayor's office this morning at 9 a. m., to convey the Directors to the Asylum.

Full proceedings of the Board will appear to-morrow.

TEMPERANCE.—Delegates to the State Council of Friends of Temperance will be passed over the various railroads to Tarboro at one fare. The Secretary of the Council in this city informs us that the Council will be largely attended, and a good time is expected. Tarboro, noted for its hospitality on all occasions, will do the the handsome thing and those whose pleasure it will be to mingle in this annual reunion of the order will have cause to remember their kind reception in Tarboro.

A South Carolina genius has made a wooden watch, chains, and seal that, for delicacy of workmanship, is said to surpass auything of the kind ever made in this country. It is cut from a single piece of pine. The chain is twelve or fifteen inches in length, and the links are perfect. Inside the watch is carved a smaller watch, and inside of that is a ball.

Says the London *Court Journal*: "The habit of flourishing manufacturers, brewers, bankers, and ironmasters purchasing Scottish estates is denationalizing Scotland. All the old hereditary chieftains are disappearing as totally as the English yeomen, and the clansmen are being disinherited of their rights in the soil."

**FUNERAL NOTICE.**

The funeral of C. W. LEE will take place to-day at 12 o'clock, at the residence of the deceased's father, J. W. Lee, Esq., the Rev. Dr. Lacy officiating. The friends of the family are requested to attend.

# THE DAILY NEWS.

JORDAN STONE, Managing Editor.
SAM'L T. WILLIAMS, Political Editor.

WEDNESDAY.....NOVEMBER 5, 1873.

THE Northern papers are ventilating the Stokes verdict.

THE establishment of National Savings' Banks is now proposed.

THE failure of crops in Bengal, India, make a famine almost certain.

DON CARLOS has issued postage stamps and their novelty causes them to be sought after.

THE Conservatives of Norfolk had a tremendous and enthusiastic mass meeting on Friday evening.

IT is now a settled fact that Cuban independence will be seriously debated during the next Congress.

NEW York City is going to absorb some half dozen villages in order to swell her corporate limits, and gain the much wished for million.

THE Petersburg. Va., *Index and Appeal* says:

"History repeats itself in this quotation from a newspaper printed one hundred years ago: "It is computed that no less than one hundred and twenty considerable merchants, bankers and traders have been absolutely ruined since June, 1772, owing to speculation, made bills and every species of deceitful credit."

THE following are some statistics of Ohio elections:

"David Tod was elected Governor of Ohio in 1861 by over 55,000 majority. The next year the Democrats carried the State by 5,500 majority. The next year after—1863—John Brough carried the State by over 101,000 majority. In 1867 Pendleton came within 3,000 votes of defeating Hayes on the greenback issue. In 1868 the Republicans carried the State for President by over 41,000 majority. In 1869 the majority was 7,500. In 1870 it was 14,000, and in 1871 Noyes' majority was 16,000. Grant's majority in 1872 was 32,000. Now Allen carries the State."

THE Washington correspondent of the Baltimore *Sun* in giving the views of Congressmen who are already at the Capitol, says that upon one point there seems to be considerable unanmity of opinion, and that is that there must be at least some modification of the bankrupt law, if not its absolute repeal. As the law now stands the largest house could, if temporarily embarrassed, be forced into bankruptcy by the smallest creditor. In such times as these the staunchest houses have their moments of weakness, and it should not be in the power of those to whom they may owe but a trifle to deprive them of the opportunity to recover.

THE proposed monument to Gen. Scott is thus spoken of by an exchange:

"The hero of Chippewa and conqueror of Mexico, is to have a magnificent monument in Washington. An immense stone, twenty-one feet long, seventeen feet wide, and three feet thick, and weighing one hundred and nineteen tons, has recently arrived at that city, by schooner, from the Cape Ann quarries, and is to be followed by three others, weighing respectively eighty-four, forty-eight and thirty-seven tons, to be used in the construction of this monument. The price paid for the blocks is $40,000, and special machinery will have to be devised for hauling them through the streets, in order that the pavements may not be crushed."

ONE of our contemporaries, in speaking of the Philadelphia mint, says:

"Gold to the value of $9,500,000 has been coined at the United States mint in Philadelphia during the month, and by the close of the week it will reach ten or eleven millions. This apparent large coinage is not intended for the resumption of specie payments, but for the ordinary purposes of the government. While little or no silver has been coined, arrangements are being made to commence operations in that direction in a few days. At present there is about $100,000 in silver on hand, and from the First National Bank in Chicago about $70,000 in silver has been received, which will be converted into coin and sent back to the institution to be paid out upon all checks. The authorities have ordered the payment by the sub-treasurer of New York city of $5 upon all checks, but in no case will a larger amount be paid."

IN relation to Judge Bond's recent Bankrupt decision the Richmond *Dispatch* says:

"Judge Bond says that the rights of parties are fixed and vested at the date of the adjudication of bankruptcy—that is, when they are adjudged to be bankrupts. In cases of voluntary bankruptcy this adjudication takes place very early—in chambers, so to speak. In cases of involuntary bankruptcy; that is, where the parties deny being bankrupt, and contest the cases, the adjudication is made at a later stage of the suit. These fixed and vested rights are not changeable.

"Judge Bond went on to say that so far as the amendatory bankrupt law was declaratory it was absolutely null and void. It was beyond the power of Congress to construe the laws or to supervise and control the courts of the country. The constitutional part of the law is like any other law—prospective only, and not retrospective. To make it retrospective would, he said, be violative of right and justice, and subversive of the principles of the social compact. Consequently when persons went into bankruptcy *if their property was subject to liens by virtue of judgments or decrees of court existing previously, they were entitled to no homestead.* Judge Bond thinks the act will extend to all cases arising after its passage—that is, will exempt the homestead in spite of all liens which have accrued since the amendatory bankrupt act was passed—but that this act cannot destroy the liens existing prior to the passage of the act. In other words, the new law cannot divest the creditors of vested rights."

Laws allowing married women to trade upon their own account, and making them and their separate estate liable for the debts of the business, are, and must continue to be, the source of a good deal of litigation. In Bangor, Me., the wife being in the millinery business, she and her husband were sued for goods charged and billed to the wife alone. The court charged the *prima facie* she alone was liable. But if the husband had a joint interest in the business, not merely an interest as a husband, but over and above that as a partner, or so held himself out, then he was liable; otherwise not. The jury found that the husband "never promised."

A Circuit Court in Illinois recently awarded $100 damages to a young lady who was forcibly expelled from a high school for refusing to study one of the prescribed branches.

## Southern Historical Society.

The Richmond *Dispatch* of the 3rd inst., has the following in regard to this Society:

"The Executive Committee of this Society, at a meeting held on Saturday, made arrangements to actively push their important work. They have been fortunate in securing Gen. Wade Hampton to enter at once upon an active canvass for extending the membership of the Society and collecting material for its archives. They are arranging with some of the ablest men who figured in the council-chamber, the Cabinet, and the armies of the Confederacy to prepare for the *Southern Magazine*, the organ of the Society, papers bearing on the civil and military history of the great struggle, thus bringing to light many things which have been unknown or are forgotten, and making most important contributions to the truth of history. They have also arranged to have in Richmond, during the coming winter, a series of popular (free) lectures by some of the most distinguished men in the South on topics bearing upon Confederate history. And they are making earnest appeals to all interested to help on the good work by contributing such material as they may have or can secure.

THE Charlotte *Democrat*, in its last issue, has the following to say in relation to Southern independence. We reproduce the article entire:

"The true basis of independence in a man is the ability and will to help himself. The same is equally true of a congregated mass of men and women who constitute a nation. A man may have great physical strength and an axe may be lying at his feet, yet he will never cut down the tree unless he picks up his axe and goes to work. A country may have all the resources within its bounds necessary to make a wealthy and influential nation, yet, if its people do not improve their advantages, they will be forever poor. The same is equally the case if all the energies of a people are directed in one channel to the neglect of another equally as necessary to the sustenance of life. No people who are strictly and entirely agriculturists can ever be fully independent, neither can any strictly manufacturing community. The Western States can raise corn so cheaply that they can burn it instead of coal at $8 per ton, but they cannot cover their bodies with corn ears, and hence they are dependent on New England for cassimeres for daily use, and for blankets for the night. At the same time, New England is equally dependent on the West for grain to fill the mouths of her weavers and spinners. And to a great extent this must continue. It is a striking instance of the great natural law of compensation. There are areas of the West which can never be anything but agricultural—on them are neither water powers or cheap fuel. And the rock hills of New England afford perpetual springs, which falling over rapid declines give vast water powers, but from whose banks the agriculturist only grinds out his crops literally by the sweat of his brow. As long as New England shall keep the active fingers plying around the snowy cotton, or deftly drawing out the threads of wool she must be dependent on the West, and it is not probable that that section can ever fail to reciprocate at least to the extent of the present supply.

"But the South can be independent of New England and might be of Western grain were it the part of good policy, and at the same time she may also supply the increasing wants of the West in that line of manufactures for which her agriculture supplies the same material.

"North and South Carolina, Tennessee, Georgia, Alabama, Arkansas and Texas are particularly favored in soil and climate so that by a full settlement of their vacant land and an interchange of commodities between their mountains and lowlands they may, if disposed, be severally independent of the outside world. Their varied soils produce every article necessary to life and even for luxury, and in fact, Tennessee and Arkansas excepted, they produce all the essential farm and orchard products of every or any other State of the Union. They all have high mountain lands falling off gradually into rich alluvials or sandy soils near the ocean level. Where else can be found such opportunities for manufacturing as is afforded by the streams intersecting these inclined lands. Around their head springs are as good grass lands as any in New York or New England, and a climate as healthy as it is possible for any part of this earth to be. A little farther down are grain soils which will last better than the prairies of the West, because nature is constantly renewing them by the wash from the hills and mountains. Still farther down these streams come in the cotton lands.

"Again, the mountains and even the lower piedmont lands afford the very best pasture for sheep. Hon. George Leddes, a noted authority in the Northern States, has stated in the New York *Tribune* that the Southern Alleghanies is the natural home of the Merino sheep, and that more profit should be realized from growing wool there than in any other part of the United States. Hon. L. A. Morrell, another authority of high standing, confirms him in this opinion. Hence we see that the South not only produces cotton, but also, in the opinion of men by no means prejudiced in her favor, has no superior as a woolgrowing region.

"But of what advantage to her is this great strength if she does not use it? The true source of power and wealth for the South is to produce on her own soil at least two-thirds the food she consumes, and to manufacture at least one-half the cotton she produces, and to produce, on her now almost valueless mountain lands, so much fine wool that not a single pound will need to be imported into any part of the United States."

SPECIAL NOTICES.

BILIOUS.—If you feel dull, drowsy, debilitated, despondent, have frequent headache mouth tastes badly in morning, irregular appetite and tongue coated, you are suffering from Torpid Liver or "Billiousness." In many cases of "Liver Complaint" only a part of these symptoms are experienced. As a remedy for all such cases, Dr. Pierce's Golden Medical Discovery has no equal, as it effects perfect cures, leaving the liver strengthened and healthy. Sold by all first-class druggists.

How unnecessary the anguish many persons undergo from rheumatism, gout, neuralgia, toothache and earache. We say unnecessary because the application of Mexican Mustang Liniment to the affected part, or a few drops of it in the ears or tooth, affords instantaneous, and what is better, permanent relief. For cuts wounds, bruises, swellings, and all injuries or diseases which require treatment externally this liniment is everywhere regarded as the most potent and reliable healing agent in existence. For all external injuries or ailments of horses and cattle, it is infallible.

His Honor, HENRY POTTER, late Judge of the United States Court for the District of North Carolina, gave the following as his opinion of Beckwith's Pills:
"For some ten or twelve years past I have been in the habit of using DR. BECKWITH'S ANTI-DYSPEPTIC PILLS in my family, and consider them so valuable a domestic medicine, that I never suffer my stock to be exhausted. I have used them with good effect in dyspeptic cases, under various modifications, and have found them efficacious in relieving from Sick Headache, and from all the usual symptoms of functional derangement of the viscera. As an apperient, they are excellent. I have long had the pleasure of an intimate acquaintance with the inventor of these Pills. He is a gentleman of talents, integrity and worth, and he ranks high in the science of medicine and the healing art.
H. POTTER."
Prepared by E. R. Beckwith, (successor to Dr. John Beckwith) Proprietor, Petersburg, Va. Sold by Druggist generally at 25 cents per box. Joseph Carr, Wholesale Agent, Petersburg, Va.

## PREBYTERIAN SYNOD.

FOURTH AND LAST DAY'S PROCEEDINGS.

[Condensed from the Wilmington Star, of the 2nd inst.]

Yesterday the Synod met according to adjournment at 9½ o'clock and spent a half hour in devotional exercises.

Minutes of yesterday were read and approved.

Rev. H. G. Hill read a report on the report of the Trustees of Synod, which was adopted.

Certain notes in the possession of the Trustees they were directed to collect and forward to Rev. Jas. H. Smith, Agent of Colportage.

Committee on Records of Fayetteville Presbytery read their report, which was adopted.

The committee appointed to examine the report of the Trustees of Union Theological Seminary presented a paper, which was adopted. This paper expresses the gratification of the Synod at the continued prosperity of that institution. The fact that in the last Senior class North Carolina has a larger representation than any other State calls for humble thankfulness on the part of this Synod.

Rev. F. Johnston and A. T. Summey rendered excuse for non-attendance at the last meeting of Trustees of the above Seminary. Revs. Johnson and Atkinson and Elder E. McGilvary were elected Trustees for the next four years.

The statistical report to the General Assembly was next read, containing these facts: This Synod is composed of 96 ministers; has 201 churches; has under its care 9 licentiates and 36 candidates for the ministry.

The Wednesday before the third Sabbath in October, 1874, at 7½ P. M., was chosen as the time for the next meeting of this body.

These resolutions were unanimously adopted:

*Resolved*, That this Synod have heard with deep interest the Rev. Daniel McGilvary, a native of this State and formerly a member of this Synod, now a missionary to Siam under the care of the Presbyterian Board of Foreign Missions.

*Resolved*, That this Synod record their gratitude to the Great Head of the Church for that tender and gracious care in the midst of privation and danger which has been vouchsafed our beloved brother, and for the marks of divine favor and blessing that have attended his labors, and pray that still further the hand of the Lord may guide him in his work and crown him with abundant success.

A committee was appointed to prepare a suitable memorial of Rev. A. G. Hughes, deceased, and report at present meeting.

Unfinished business was next taken up, which was a consideration of the complaint of certain members of Mecklenburg Presbytery. The roll was called for an expression of opinion on the part of each member of Synod, and by a nearly unanimous vote the complaint was sustained. Notice was given that this action of Synod would be complained of to the Assembly, at its next meeting, and the Synod consequently directed the Stated Clerk to designate persons to defend Synod in this matter.

Report of the Agent on Publication was read and adopted, as was also the report on Standing Rules. Rule 29 was amended so as to authorize the Treasurer of Synod to pay the expenses of Trustees of Seminary instead of the Treasurers of the Presbyteries as heretofore.

Several committees on comparatively unimportant matters made their reports which were adopted.

The Stated Clerk was directed to have 1,000 copies minutes published.

The following resolution in reference to the *North Carolina Presbyterian* was unanimously adopted:

*Resolved*, That the Synod regards the *North Carolina Presbyterian* as a most important means of evangelization within its bounds; that it rejoices in its increasing circulation and prosperity, and that it urges all its ministers, church officers and members to vigorous efforts for augmenting the number of its subscribers and its enlarged usefulness.

This elicited an animated and interesting discussion on the importance of that paper to the Synod as an instrument of evangelization.

Rev. Mr. Jordan addressed the Synod in the interest of the Orphan Asylum at Oxford, calling upon the people of God to aid in its support.

Resolutions of thanks to citizens of Wilmington, and to various railroad and steamboat companies, were unanimously adopted.

Synod took a recess until 3½ p. m.

### EVENING SESSION.

3½ p. m.—Synod met after recess. Mr. A. T. Summey announced that a convention of Elders and Deacons in the Synod of North Carolina would be called some time in January, 1874.

Minute on the death of Rev. A. G. Hughes was read and adopted.

Synod enjoined the Stated Clerks to forward annually a copy of Presbyterial report of Sabbath Schools to stated Clerk of Synod.

Resolutions of Rev. Mr. Hill, on the subject of tithes, were laid on the table till next meeting.

Minutes of to-day read and approved. Roll called, and Synod adjourned to meet in Concord, Wednesday before 3rd Sabbath in October, 1874. Closed with singing, prayer, and apostolic benediction.

The thousandth anniversary of the first settlement of Iceland is to be formally celebrated next year. It was Ingolf, a banished subject of the Norwegian King Harold Harfager, who went to Iceland with his foster-brother Leif and built the first dwellings on the island, Greenland was discovered from the island, and thence went the Northmen, who in the year 1006 stepped upon the coast of Massachusetts.

Among the treasures of the late Duke of Brunswick, and concealed with a cover of base metal, has been found the celebrated "Vase of Mantua." It is of onyx, and a true masterpiece of artistic workmanship. Its fame is great among antiquarians, who think it is of Semitic production, and the vial used at the consecration of the Hebrew kings.

Joseph Arch has written to England to dissuade agricultural laborers from emigrating to Canada, where, he informs them, the daily working times is from sunrise to sunset, and where the money grubbing farmers are anything but pretty objects, being fallow in mind, furrowed in face and lowbent in every way from continual toil.

The Zoological Garden of Hamburg has just been enriched by the gift of a two-headed snake. It is a cross-adder of the most poisonous species, and was found on the Gross-Thurnan estate, near Ratzeburg. The two heads possess one throat in common, but the movement of one head is entirely independent of the other.

Prof. Agassiz recently answered an inquiry concerning his health in this way: "I am weak and unable to accomplish the amount of work which demands my attention. My powers often fail me when I have most need of them."

Brigham Young's new house is to be on a scale of unusual splendor, if the *Salt Lake Tribune* is right when it declares that it will be "one of the most gorgeous and costly residences anywhere between sunrise and sunset."

In order to promote economy in the use of coal for domestic purposes, the British society of arts offers prizes to the value of $2,500 for improved grates, and for an apparatus for cooking by gas.

The worse case of dishonesty we have heard of lately involves a scamp who dug up the corner-stone of the new colored church at Opelika, Georgia, and stole a dollar bill therefrom.

**Satisfaction Guaranteed in Every Instance.**

OTHER MACHINES HAVE THEIR PECULIAR MERITS—THIS HAS NO DEFECT.

The Washing of a Family of Ordinary size Easily Accomplished before Breakfast!

**Have Never Known One That Failed to Give Satisfaction!**

No other Machine can be sold after the "FRANKLIN" has been Tried.

*From One to Two Thousand Dollars a Year Guaranteed to Working Men!*

**Every County Sold in Which it has been Introduced.**

WE CHALLENGE THE WORLD TO COMPETE WITH IT!!!

The inventor of the "FRANKLIN STEAM WASHER" was owner of the right to manufacture the "Improved" Woman's Friend in certain territory. While manufacturing these machines, and watching attentively their action and the manner in which they operated, and the results, he discovered certain prominent defects therein. He spent ten months in the study of the subject of finding remedies for these defects. He has at last succeeded—and as the result of his investigation and study, he offers to the public the "FRANKLIN STEAM WASHER," which is by far the best Washing Machine ever patented. We claim as an evidence of its merit that "LETTERS PATENT" were granted over all others.

It will wash anything from a Lace Collar to a Bed Blanket. It will cleanse the clothing without tearing and more thoroughly than can possibly be done by hand labor or the use of the rubbing board. With one-fourth of the labor four times as much can be done in the same length of time as can be done by hand. We could publish columns of certificates of its worth from those who have used it, but for the present we prefer the WASHER to speak for itself. We give a few below:

Messrs. BARROW & PLEASANTS, LOUISBURG, September 27th, 1873.

GENTLEMEN:—Mrs. Davis has tried the "FRANKLIN STEAM WASHER" and instructs me to say, in reply to your enquiry, that she is well pleased with it, and believes it to be all that you claim for it as a labor saving Machine. It does its work well and diminishes, by more than half, the labor of washing. She cheerfully recommends it.

JOSEPH J. DAVIS.

Messrs. BARROW & PLEASANTS, LOUISBURG, September 10th, 1873.

GENTLEMEN:—Before purchasing your Steam Washer, I paid four dollars per month for our family washing; now without any additional help, I have the washing done at home and pay fifty cents as each is the washing done. In this way I save $2 per month, and my clothes are much whiter, and I am satisfied, will last much longer than when washed by rubbing or the use of a board. It is all that you recommend it to be.

Very respectfully, MRS. C. M. COOKE.

Messrs. BARROW & PLEASANTS, LOUISBURG, September 11th, 1873.

GENTLEMEN:—I am using your Steam Washer, and it proves a success and I take pleasure in recommending it to the public, and testify to its being all that you represent it to be. Very respectfully, MRS. P. B. HAWKINS.

Messrs. BARROW & PLEASANTS, LOUISBURG, September 8th, 1873.

GENTLEMEN:—I have been using your Franklin Steam Washer for some time and can safely say is far the best I ever saw. I cannot do without it. MRS. A. W. WILSON.

Messrs. BARROW & PLEASANTS, FRANKLINTON, September 9th, 1873

SIRS—Mrs. Gibbons has been using your "Franklin Steam Washer" for two weeks and pronounces it a grand success. Rev. H. H. GIBBONS.

Messrs. BARROW & PLEASANTS, LOUISBURG, August 4th, 1873.

GENTLEMEN:—I take pleasure in recommending your "Steam Washer." I acknowledge myself to have been incredulous with regard to yours, after having tested several others that had been as highly recommended to me; but the inconvenience to a large family, of not being able to get a good washer, regularly, induced me to give yours a trial. I am gratified to pronounce it a perfect success. I used it according to directions, and did two week's washing in two hours, nor did I give the first RUB. Whiter or more nicely washed clothes, I have never had. It only needs a trial to convince.

Respectfully, MRS. W. H. FURMAN.

Messrs. BARROW & PLEASANTS, LOUISBURG, July 12th, 1873.

GENTLEMEN:—Through the kindness of your agent, Mr. J. J. Person, I have tried your "Steam Washer," and find it by far the best I ever used. It certainly saves a great deal of hard labor and does not damage the clothes. It is all that you recommend.

Respectfully, MRS. DR. J. B CLIFTON.

Messrs. BARROW & PLEASANTS, LOUISBURG, June 30th, 1873.

DEAR SIRS:—I take pleasure in testifying, that I have used your "Steam Washer," with perfect success, and find it by far the most speedy and effectual mode of cleansing all kinds of fabrics I have ever known.

Very truly, MRS. DR. W. R KING.

Messrs. BARROW & PLEASANTS, LOUISBURG, August 5th, 1873.

GENTLEMEN:—My wife has been using the "Franklin Steam Washer" for some time and she, as well as the washerwoman, are highly pleased with it.

Very truly, ELLIS MALONE, M. D.

Messrs. BARROW & PLEASANTS, LOUISBURG, July 3rd, 1873.

GENTLEEMN:—I have used the "Steam Washer" I purchased of your agent, Mr. J. J. Person, and find that it will do more than you recommend. We are more than pleased with it. Respectfully, S. E. COOK.

Messrs. BARROW & PLEASANTS, LOUISBURG, July 30th, 1874.

SIRS:—I take pleasure in recommending your "Steam Washer." It is a complete success. My clothes are whiter than ever before, and that without labor. A very short while with the "Washer" will save a hard days washing.

Yours truly, MRS. T. C. HORTON.

Messrs. BARROW & PLEASANTS, LOUISBURG, July 24th, 1873.

GENTLEMEN:—I have been using the "Steam Washer" about one month. It surpasses my expectations; it is all that you say for it. I am highly pleased.

Yours truly, MRS. T. A. PERSON.

Messrs. BARROW & PLEASANTS, WARREN COUNTY, Sept. 15, 1873.

GENTLEMEN:—I have tried your Steam Washer, and find it an admirable success. I cheerfully recommend it to all.

Respectfully, MRS. DR. GEO. FIELD.

Messrs. BARROW & PLEASANTS, FRANKLIN COUNTY, Sept. 3, 1873.

GENTLEMEN:—I have used your Steam Washer with perfect success I find it a great saving of the clothes, time and labor and more than half the soap.

Respectfully, MRS. J. B. LITTLEJOHN.

Messrs. BARROW & PLEASANTS, SHADY GROVE, Warren County, Oct. 1, 1873.

GENTLEMEN:—I have tested the Franklin Steam Washer, sold in this county by Mr. G. F. Littlejohn, and find it a perfect success, and I recommend it to everybody.

Yours with respect, MRS. J. A. WILLIAMS.

**OURSELVES AS OTHERS SEE US:**

"We take pleasure in saying that the "Franklin Steam Washer" is all that its proprietors claim it—a complete success. We hazard nothing in saying that nothing has ever been put upon the market that meets with such universal favor. We are yet to hear of the first one that does not give entire satisfaction.—Louisburg Courier.

"It is meeting with universal and unprecedented favor among domestic circles."—Rocky Mount Mail.

"Messrs. Barrow and Pleasants constitute one of the strongest and most reliable firms in Louisburg, and from what we have heard of the "Franklin Steam Washer" and the high character of the parties controling it, we have no doubt but that it is all that they represent it to be."—Biblical Recorder.

"The patentees claim for the "Franklin Steam Washer" a superiority over all others, and from the description we have had of its workings, we believe its claims are well founded."—Christian Advocate.

"We have known Messrs. Barrow and Pleasants from "our youth up," and know they would not recommend anything unworthy of patronage. They are leading merchants in Louisburg."—Asheville Citizen.

We have acquired by purchase of the Patentee, Mr. S. W. Bartholomew, the sole right to manufacture and to sell the right to manufacture the "Franklin Steam Washer" within the United States and Territories.

We now offer the "Franklin Steam Washer" to the American people with full confidence that it will do all that we claim for it, and in order to introduce it as rapidly as possible, we are offering great inducements to working men who want to make money: we will sell State or County rights on very reasonable terms; for instance, we will sell the right to a county with ten thousand inhabitants for one hundred dollars. Within twelve months, if properly managed, the person can sell from three to five hundred Washers, at a profit of five dollars each, and his right will be worth more at the expiration of that time than it was at first, from the fact that it has been introduced and will sell in almost every family.

To parties wishing to buy State or county rights, we will, send, on receipt of five dollars, just one-half of the retail price, the "Franklin Steam Washer" complete, with instructions how to use, etc., and in buying it reserves that it is what we recommend it to be, they can correspond with us in regard to territory wanted, our terms, &c. We desire a good reliable General Agent in every State in the Union, and we invite correspondence with workingmen who would like to make money. None need apply who cannot furnish satisfactory evidence of their integrity and reliability.

Any tinner can make the "Washer," or parties buying county rights, can obtain them through us at cost.

All persons are warned against manufacturing or selling the "Franklin Steam Washer" without authority from us. Any person infringing upon our rights in this matter will be prosecuted.

☞Our Mr. PLEASANTS will have rooms at the Yarborough House during Fair week and will give any information desired.

**TO ALL WHOM IT MAY CONCERN:**

We are well acquainted with Messrs. Barrow & Pleasants, as merchants they are doing a leading Business in their town. They are men of strict integrity and in every way reliable and responsible. They do what they engage to do.

## "BEYOND THE JORDAN."

BY JOAQUIN MILLER.

And they came to him, mothers of Judah,
Dark-eyed and in splendor of hair,
Bea ing down over shoulders of beauty,
And bosoms, half-hidden, half bare;

And they brought him their babes and besought him,
Half-kneeling, with suppliant air,
To bless the brown cherubs they brought him,
With holy hands laid in their hair.

Then reaching his hands, he said, lowly,
"Of such is My Kingdom:" and then
Took the brown little babes in the holy
White hands of the Saviour of men;

Held them close to his heart and caressed them,
Put his face down to theirs as in prayer,
Put their hands to his neck, and so blessed them,
With baby hands hid in his hair.

### My First Paper Collar.

Paper collars are well enough understood now, and the addition of cloth-lining has worked a wonderful improvement in the article. The boy who tries his first collar in this day has none of the trials or apprehensions of the boy of ten or fifteen years ago. We remember with unpleasant distinctness the first paper collar we ever wore. It was at a surprise party. A half-hour after the advent of ourself and the other surprisers we were located in the parlor on a mohair chair. And they were very fresh and vigorous mohairs, too. It was our intention to have got in a corner, but we missed the aim, and got located within eighteen inches of the stove. It was a large stove, with a complicated mass of perpendicular sheetiron pipes, like an organ, only it was warmer than an organ. The stove set out from the wall, and our location gave us a prominence that would have been very grateful had we been back of a store looking for lemons, but being a diffident person, and having a strong desire to crawl under the carpet, and be out of sight, the prominence put a blight on our spirits that we found impossible to shake off. It was quite cold out doors, but the room being full of people, and some thoughtful person having closed the door, the temperature commenced to densify with extraordinary rapidity. All of the party sat around the sides of the room, and in such a way as to take in the stove and ourself. A dreadful silence sat upon all, disturbed only occasionally by a brief whisper of one friend to another, which undoubtedly referred to our proximity to the stove, and the weird solemnity of our expression, which we desperately but vainly strove to remedy. We essayed once or twice to look into the faces of the company, but thought better of it, and picking out a place in the wall where the paper had been torn off, fell to studying it with all-absorbing intesrest. The perspiration stood out on our forehead in great drops, and, having stood there till they got tired, the drops silently rolled down our face. We would have got out a handkerchief, but we cherished the hope that some one in the party was not looking at us, and dreaded to make any movement for fear of attracting his attention. Then the bergamot and sweet oil with which we had generously fed our locks, with a view to intoxicating the senses of the females in attendance, commenced to ooze forth and start down the back of our neck for fresh pastures. It was at this juncture, the heat of the stove having become unbearable, that the lady of the house inquired if the stove was not too warm for the gentleman. It was our purpose to protest that we never before was so comfortably situated, but the roof of our mouth having dried and cracked open, the words must have got lost in the crevices. But we smiled—such a smile, perhaps, as a sick man would exchange with an undertaker who had called in to ask after his health. It was at this point we became conscious of our paper-collar. It was pressing against the back of our neck with the ardor of a mustard-draft, and one end had broken from the button and was soaring majestically heavenward. We could feel it crumble and fall down on both sides, and every time we put our hands up, which we began to do quite often on account of the cold thrill it gave us, we found it spotted with the vitality of that collar. The other people commenced to whisper, and look up at the ceiling, and put their handkerchiefs in their mouths. We thought of killing every one of them on the spot and hiding their bleeding remains in the cellar; but we lacked the coolness necessary for such an undertaking, on account of that infernal stove, and so gave it up, and kept on smiling to show our calmness. Suddenly, when in the midst of what was probably a most maniacal leer, the collar parted at the back, and one side dropped down to the floor, and the other swung around to the front. A shriek of laughter burst from the company, and we bolted for home.—*Danbury News.*
